July 27, 2010

Prof. Dr. Tibet Erdogru  
Secretary General  
Turkish Endourology Society

Dear Dr. Erdogru,

I am pleased that you have organized the "Turkish Endourology Society". We have appointed you as an Affiliate Society of the Endourological Society. The Bylaws that I have attached in general govern all sub-societies of the Endourological Society. Local election and fundraising is not under our purview.

Your members will be provided with the following benefits:

1. Certificate of Membership (the certificate will state active member 2008)
2. Reduced registration fee to Endourology meetings
3. Yearly on-line subscription to the Journal of Endourology.
4. Enrolled on our mailing list for notification of
  - 1) meetings
  - 2) essay contest
  - 3) fellowship application
  - 4) information of job offers (if available)
  - 5) one delegate representative for your country – currently Dr. Omer Tuncay is the delegate for Turkey.

We look forward to working with you.

Kind regards.

Sincerely,

Paul Van Cangh, M.D.  
President  
Endourology Society
